VOL. XXV, NO. 262 GAINESVILLE, FLORIDA, SATURDAY, JANUARY 16, 1909 TEN CENTS A WEEK

BEN TILLMAN STARTS AN AMERICAN CLUB

Starts His Club in Opposition to Roosevelt's and Begins With the Cabinet.

WASHINGTON, D. C., Jan. 15.—With the avowed intention of "placing both Attorney-General Bonaparte and Postmaster-General Meyer in the Ananias Club," Senator Tillman yesterday addressed the Senate. He alternated between acrid denunciation of these two members of the President's cabinet and ridicule which he hurled at them.

Mr. Tillman said it was not pleasant for him to intrude his personality upon the attention of the Senate.

"I have enough notoriety already," declared Mr. Tillman, "and I am not anxious to advertise myself, but the Senate knows the provocation I am under, and I trust will bear with me."

Speaking of the differences of recollections between himself and Attorney-General Bonaparte, he declared:

"I am ready to have my word put against his in any court in Christendom and to let my record in the past for truthfulness, honesty and integrity stand against his."

He asserted that he was not only dealing with President Roosevelt, "but with all the cabinet officers who are in league because, according to the newspapers they are discussing me at cabinet meetings and are determined to accomplish my ruin if possible.

"When I deal with as unscrupulous men as I do now, I am prepared for anything, even the assassin's knife. My mail is being held up. I am satisfied of that. I will not say my room has been broken into, because there are keys that can open everything in this capitol. They may not have stolen my papers, but they are gone."

Mr. Tillman then narated a conversation he had over the telephone yesterday with Attorney-General Bonaparte in which he asked whether a suit had been brought against the Southern Oregon Company, the holder of the military road grant.

"He did not know," said Mr. Tillman.

"There had been some correspondence and a discussion back and forth as to the method that should be pursued by the special counsel," he said. "I pressed him for an immediate answer, yes or no. He said he would make inquiry of the clerk charged with that business and let me know. In the course of a few minutes he returned to the 'phone and said he would write me a letter."

After having the letter of the Attorney-General read he declared that up to this time, and after nine months, nothing had been done in response to the order of Congress to bring suit.

Mr. Tillman referred to the motive of the Attorney-General. "We all know how slow the processes of the law are, especially against millionaires. We all know the process of being 'ready to do it,' of being 'anxious to do it.'"

He referred to Postmaster-General Meyer and his statement that the President had been in possession of the facts in this case only since December 18 and characterized that as "Falsehood No. 1."

Mr. Tillman announced that he had received a circular sent out by Dorr in which the following statement was made:

"Some day I shall have justice and reparation, and when that day comes, now not far distant, there will be a noise that will be heard around the world." That statement by Dorr, Mr. Tillman insisted, was conclusive proof that Dorr had received assurance from the President that he would "drag Tillman down as a liar and scoundrel."

He wanted to know what degree of falsehood was to be charged to the two cabinet officers "or head clerks or bootlicks or whatever the President has around him."

Mr. Tillman laid stress upon the fact that he had not attempted to obtain any Government land, but only to purchase land that had been given a corporation with the stipulation that that corporation should sell it to the public at $2.50 per acre.

He insisted that he was entitled to a full investigation of these charges and to a report, as he did not wish to rest under the imputations that had been cast upon him. If no report should be made he said the impression would go abroad that the Senate had whitewashed him and that he was guilty of some wrongdoing which he did not wish to rest under.

Col. Barrett Missing From Interlachen Home

INTERLACHEN, Jan. 15.—This community was startled recently when, in the absence of his wife in Palatka, Col. Barrett, an old Mexican soldier, it is supposed, in a fit of mental aberration had left home, and up to the present time nothing has been heard from him. He took with him a trunk containing his clothing and personal effects including his gun, employing a man to take him to Edgar, some six miles distant, and leaving on the same train that conveyed his wife to Interlachen where she was surprised at not meeting him at the train as he had promised to do on her return when she left the day before for Palatka.

To give color to the belief of mental aberration, he left a note addressed to his wife that he had procured a situation as superintendent in the canal zone at good wages, acquiring only eight hours a day. The fact is further emphasized by some peculiarities somewhat strange which are recalled since his departure, and the additional fact that he was for several weeks in an asylum for the insane some years since after a serious accident.

Col. Barrett was also an officer in the Union army during the Civil War, a man of most genial temperament.

Much sympathy is felt for Mrs. Barrett in this affliction. Both she and her husband have been very highly esteemed in their very apparently happy life during their last three years sojourn in their home in this community.

A TOURIST HOTEL FOR GAINESVILLE

W. R. THOMAS TO CONVERT THE WHITE HOUSE INTO ONE.

Will Make It Second to No Hotel in State, Which Will Only Be Surpassed in Size.

Major W. R. Thomas will make of the White House a tourist hotel.

While it has been his intention all along to greatly increase the facilities and eventually turn the building into one big tourist hotel, it has only been decided within the past few days to start the plans at once.

He has recently purchased new furniture, which will be placed in a new parlor, and the whole front of the building is to be remodelled on the Colonial style, with handsome plate glass doors.

Besides this improvement Major Thomas has made arrangements to enlarge the dining room and kitchen, and will build in addition a large cold storage room. He says that he will make the building throughout the finest in the State, and it will only be surpassed in the number that can be accommodated.

In addition to the extra rooms already added he will have eight more rooms added to the new extension just placed to the building, which will give ample accommodations for the present, and if the increase continues as at the present rate he will increase the facilities accordingly.

He has always thought that Gainesville was in need of such a hostelry, but only in the past few weeks has he taken interest in the matter.

WILL ROCKEFELLER LIVE A 100 YEARS?

CLEVELAND, O., Jan. 15.—Dr. H. Biggar, physician and close personal friend of John D. Rockefeller, yesterday denied the report that the oil magnate was suffering from rheumatism. He said Mr. Rockefeller was enjoying perfect health.

"He will live to be 100 years old," said Dr. Biggar, "by these simple rules: First, he avoids all worry; second, he takes plenty of exercise in the open air; third, he never overloads his stomach and always gets up from the table a little hungry. If men would follow Mr. Rockefeller's physical methods we would all be young at 70."

MORE NIGHT RIDERS CONFESS TO MURDER

UNION CITY, Tenn., Jan. 15.—The prosecution in the night rider cases secured further evidence yesterday, when two of the men held in connection with the lynching of Capt. Quentin Rankin made voluntary confessions, telling of the part they had in the affair and of others who they asserted participated. The trials will probably be resumed tomorrow.

The prosecuting attorneys, while admitting that two of the prisoners had confessed yesterday, would make no statement.

B. D. Hartsfield and family have arrived in the city from Moultrie, Ga., and will make this their future home. They are pleasantly located at 106 South Arredondo street, in one of the handsome new houses recently completed by J. D. Stringfellow.

Speaking of this estimable family, The Moultrie Daily Observer of January 4 has the following to say:

"Mr. B. D. Hartsfield and family will leave tonight for Gainesville, Fla., where they will make their future home. Mr. Hartsfield, who recently sold out his wholesale grocery interests here, is embarking in a similar business there. The family has been a valuable one to Moultrie and they are released with serious regret. They are commended to the good people where they are going."

PRISONERS BURN WAY TO FREEDOM

THOMSON, Ga., Jan. 15.—By burning the heavy wooden door of the county jail through to the sheetiron covering on the outside, which was then battered loose, nine prisoners, three charged with murder and two with arson, made their escape Wednesday night.

One of the prisoners returned this morning and surrendered to the sheriff and two were captured this afternoon at Appling.

New Messina May Rise In the Land of Flowers

PARIS, Jan. 15.—Duke Pomeo Litta of Lombardy called on the Italian ambassador, Signor Galilna, yesterday and offered to donate part of an extensive tract of land in Manatee county, Florida, owned by him for the purpose of colonizing 5,000 victims of the earthquake in Calabria and Sicily.

The ambassador has communicated the duke's proposal to the Italian government.

Duke Pompeo Litta, who is a naturalized citizen of France, says that a "Messina" may arise in a country which he describes as fertile and easy to exploit. The colonists could be employed in cutting forests, mining phosphates and raising cotton, fruits and vegetables. The Duke would allot to each family two farms, one free and one to be worked, for a small rental. He has already discussed the question of transportation with steamship companies, and he hopes that the American government would waive immigration restrictions. The tract is

BIG CROWD GREETED "CHARLEY'S AUNT"

PRODUCTION WELL RECEIVED BY APPRECIATIVE AUDIENCE.

Benefit Performance by Home Talent Was All That Could Be Wished for by the Public.

One of the largest audiences of the season greeted our local players last evening at the New Baird Theatre.

"Charley's Aunt" is one of those standard comedies that grows better with age. The ludicrous situations are calculated to make a dyspeptic laugh himself well. From the rise of the curtain in the first act to the end of the play, the audience and players were in harmony.

It was but natural to suppose that under the painstaking direction of Mr. Hudgins the entire caste would acquit themselves creditably, but we did not expect to witness a performance, the equal, if not the superior of many of the traveling companies. When such plays and players can so easily be had at home, we need not want for good, wholesome amusement.

"Charley's Aunt" is a college play and deals with the pranks of their undergraduates of Oxford, one of whom disguises as a woman. To attempt to give all the praise deserved by the different members of the company would take too long. The bogus aunt, played by B. M. Tench, was all we could desire, his make-up, acting and costuming being perfect. We have seen him in many parts but think this the star part of his career. Fletcher Burnett and Addison Pound as his college chums were natural and easy, and worked and acted just as two young lovers would. Tom Stevens, as usual, was fine, as the father of Jack. He worked and played the part to the life.

Ernest Molnar made an excellent servant. His stern, deliberate manner would make the ordinary butler green with envy. Theo Hudgins, as Spettigue, aided the comedy by his work. Mrs. W. J. Denby, as Donna Lucia D'Alvadorez, was the ideal aunt. Mrs. J. W. McCollum and Miss Gertrude Wagner, as Kitty and Amy, were charming and seemed perfectly at home. They did much to enliven the different scenes in which they appeared. Miss Nina Cellon, as the orphan, Ella Delahay, was as sweet as could be wished. In fact, the entire caste deserve unstinted praise for their faithful work.

As Mr. Hudgins says, "It's not an easy matter to rehearse and put on a play like 'Charley's Aunt' in one week, even with professionals; what must it be to take amateurs and with only five full rehearsals succeed as we have. I have a right to feel proud, not of my efforts, but of the whole-hearted, cheerful work of the ladies and gentlemen who made this performance a grand success, and I thank them for their aid."

The music was furnished by the Gainesville Orchestra, and this new organization shows itself fast developing in a high-grade organization under their able leader, Prof. J. E. Woltz.

ABSOLUTE CURE OF SKIN ERUPTION

Broke Out on Hips and Legs—Was So Sore, Irritating and Painful that Little Sufferer Could Not Sleep—Scratched Constantly and Kept Growing Worse.

CUTICURA'S EFFECT QUICK AND PERMANENT

"When about two and a half years old my daughter broke out on her hips and the upper parts of her legs with a very irritating and painful eruption. It began in October; the first I noticed was a little red surface and a constant desire on her part to scratch her limbs. She could not sleep and the eruptions got sore, and yellow water came out of them. I had two doctors treat her, but she grew worse under their treatment. Then I bought the Cuticura Soap, Cuticura Ointment and Cuticura Resolvent, and only used them two weeks when she was entirely well. This was in February. She has never had another rough place on her skin, and she is now fourteen years old. I used only half the bottle of Cuticura Resolvent and less than a box of Cuticura Ointment. Mrs. R. R. Whitaker, Winchester, Tenn., Sept. 22, 1908."

MISS DORIAN ELLIS TAKES FIRST PLACE

RECEIVED HIGHEST VOTE OF ANY CANDIDATE IN ONE DAY.

Misses Catherine Haile and Bessie Dupree Are Close to the Leader, With Mary Daughtrey Fourth.

Yesterday's vote was the heaviest since the piano contest began. Miss Dorian Ellis received the highest vote for any one day of any candidate since the race began, with the result that today she is leading the contest.

Miss Ellis was late in entering the race but by hard and consistent work she has forged her way to the front. This demonstrates what we have been saying for some time, that just because one candidate is ahead today is no reason that she will be next week.

Miss Haile and Miss Dupree received a big vote.

Miss Ellis' principal vote has been secured through her efforts in obtaining new subscribers for The Sun and getting old subscribers to pay what they owe, and if some of the other candidates had been as energetic in this respect they would have a much larger vote today. Moral: "Get Busy."

We will have to call attention again to the fact that some of those who clip the coupons from The Sun do not do so very neatly. It seems that if they were worth clipping out at all they would be worth clipping out nicely. It aids us in counting them very much for the coupons to be of one size, as near as possible, and we trust that we will not have to call attention to this fact again.

The piano which is to be given away has been ordered and will be here in a short while, when it will be put on exhibition and the candidates will have the pleasure of seeing what a nice instrument they are working for.

Following is the standing of the candidates:

Miss Dorian Ellis, city	221,835
Miss Catherine Haile, city	211,185
Miss Bessie Dupree, city	197,500
Miss M. Daughtrey, city	50,465

Mr. Hudgins Grateful.

Editor Sun: I beg space in your paper to express my feeling of gratitude to each member of the caste who worked with me to make "Charley's Aunt" a success. Their willingness to attend rehearsals, and the cheerful way they went over and over again the different scenes made my work a pleasure. With that spirit shown success was sure. To the members of the orchestra I return heartfelt thanks, as they contributed no small part towards the evening's entertainment. With best wishes for you all I sign myself, yours gratefully,

THEO HUDGINS.

Consists in punishment only when a child is actually bad. Some mothers think that all crying is badness—it's not. THE CAUSE OF COLDS

Good Advice Regarding The Prevention of Coughs and Colds.

If people would only properly fortify and strengthen their system, about 98 per cent of coughs, colds and pneumonia might be avoided. These troubles are simply the result of weakness, which produces a catarrhal condition of the mucous membrane, which is as an internal skin of the body. When this skin is weakened, it becomes infected with germs which are carried through the system by the blood. These parasites attack and break these delicate tissues and set up a soreness which produces what is in reality an external scrofula.

The only thing that will cure coughs and colds and prevent pneumonia is a medication which is absorbed and carried by the blood so that the diseased membrane is disinfected, cleaned, soothed and healed.

We have a remedy which we honestly believe infallable and unsurpassed for the prevention and cure of coughs, colds and all catarrhal conditions. It is the prescription of a famous physician, who has an enviable reputation of 30 years of cures gained through the use of this medicine. We promise to either effect a cure in every case or make no charge for the medicine. We urge everybody in Gainesville who has need of such a medicine to try Rexall Mucu-Tone.

It stands to reason that we could not afford to make such statements and give our own personal guarantee to this remedy if we were not absolutely positive that we could substantiate our claim in every particular, and we see no reason why anyone should hesitate to accept our offer and try it. We have two sizes of Rexall Mucu-Tone. Prices 50c and $1.00. Sometimes a 50c bottle is sufficient for a cure. As a general thing, the most chronic case is cured with an average of three large bottles. Remember, the medicine will cost you nothing if you are not satisfied in every particular. J. W. DEATH OF MISS MIXSON.

Dies at Her Home Friday Morning from Consumption.

Miss Rosebud Aroura Mixson, next to the youngest daughter of Mr. and Mrs. J. B. Mixson, died at the home of her parents on Depot street Friday morning at 1:30 of consumption.

The deceased had been a sufferer from the disease for some time past and had been confined to her room for many months, being unable to get about for more than the past six months.

She is survived by her parents, three sisters and one brother, and all were present at the time of her death, as the same had been expected for the past few days.

The funeral will occur today, the services being held at the First Baptist church at 10 o'clock, Rev. S. B. Rogers conducting the services. The following gentlemen have been requested to act as pall bearers and will meet at the stables of Davis & Oliver at 9:15 to go to the residence: B. R. Colson, C. R. Layton, McCuen Tomkies, Turner Pound, J. F. Bunch, J. M. Rivers.

R. McClellan has charge of the remains as undertaker.

For COLDS and GRIP.

Hicks' CAPUDINE is the best remedy—relieves the aching and feverishness—cures the cold and restores normal conditions. It's liquid—effects immediately. 10c, 25c and 50c at drug stores.

Some article that is simply "in the way" at your house might, if advertised, be sold to someone who is anxiously looking for it.

Constipation causes headache, nausea, dizziness, languor, heart palpitation. Drastic physics gripe, sicken, weaken the bowels and don't cure. Doan's Regulets act gently and cure constipation. 25 cents. Ask your druggist.

FOR RAISING CHECK ENGLISH WILL SERVE

CHECK WAS GIVEN BY S. J. SIKES OF THIS CITY.

CHECK WAS GIVEN BY S. J. SYKES on This Charge—Evidence is Sufficient.

Johnson English, colored, was brought to the city Friday from Bradford county, where he had "jumped," after raising a small check on the First National Bank of this city.

The negro had been employed by S. J. Sykes to perform some work and gave him a small check for the amount due him on the First National Bank of this city, which he raised before having the same cashed.

After securing the money on the paper the negro left the county for parts unknown, but he was apprehended at Starke and Sheriff Ramsey went over to that place Friday after the man. He will be given a preliminary hearing before Judge Mason today.

Only a small amount of money was secured by the negro in raising this check, but it was the loss that the bank was after as much as it was the man. Good work was done on the part of the officers in catching the party so soon after the occurrence.

CATARRH IN HEAD.

Pe-ru-na---Pe-ru-na.

MR. WM. A. PRESSER.

MR. WILLIAM A. PRESSER, 1722 Third Ave., Moline, Ill., writes:

"I have been suffering from catarrh in the head for the past two months and tried innumerable so-called remedies without avail. No one knows how I have suffered, not only from the disease itself, but from mortification when in company of friends or strangers.

"I have used two bottles of your medicine for a short time only, and it effected a ***complete medical cure,*** and what is better yet, the disease has not returned.

"I can most emphatically recommend Peruna to all sufferers from this disease."

Read This Experience.

Mr. A. Thompson, Box 65, R. R. 1., Martel, Ohio, writes: "When I began your treatment my eyes were inflamed, ***nose was stopped up*** half of the time, and was sore and scabby. I could not rest at night on account of continual ***hawking and spitting.***

"I had tried several remedies and was about to give up, but thought I would try Peruna.

"After I had taken about one-third of a bottle I noticed a difference. I am now ***completely cured,*** after suffering with catarrh for eighteen years.

"I think if those who are afflicted with catarrh would try Peruna they would never regret it."

Without Imagination.

There is a certain New York business man of a rather waggish disposition who contends that his wife has no imagination.

At dinner one night he chanced to mention a tragic circumstance he had read in the evening paper on his way home. A passenger on a transatlantic steamer had fallen overboard in mid-ocean and had never been seen again.

"Was he drowned?" asked the wife.

"Of course not," answered the irrepressible hubby, "but he sprained his ankle, I believe."—Lippincott's.

Heartless Gamblers.

The rage for gambling at White's and Almack's clubs in London in other days led to most outrageous betting, as to which Walpole tells what he calls a good tale: A man dropped down in a fit before the door and was carried inside. The club instantly made bets as to whether he would die or not, and when a doctor was called in to attend him his ministrations were interfered with by the members because, they said, these would affect the fairness of the bets.

WACAHOOTA ITEMS.

(By Brown Eyes.)

WACAHOOTA, Jan. 15.—Miss Nannie Smith has returned home after a few days' visit to friends in Gainesville and Archer.

Misses Hassie and Rosalie Smith, Theora Bodie, Irma Joyner and Janie Smith and Mr. Philip Bradshaw spent Sunday as the guests of Miss Belle Chitty of Micanopy. They report a lovely time and an excellent dinner.

A much needed rain fell last Monday night, and our farmers are busy sowing oats.

Quite a large number from our burg attended the oyster supper given by the Woodmen of the World at Williston on Thursday night. The oysters were plentiful, also lots of other good things, and all spent a pleasant evening.

Miss Emma McClellan of Welborn returned on the 6th and opened her school at Central on the 7th.

Antone Brost, general manager of the Central telephone office at Micanopy, was out here last week tightening up the wire and completing the line in general. Mr. Brost is quite a worthy young man and made many friends during his short stay in our midst.

Miss Irma Joyner, an accomplished young lady of LaCrosse, has been the guest of Miss Rosalie Smith for the past week.

Misses Jaine, Wassie, Rosalie Smith, Irma Joyner and Mr. Cedric Smith attended a reception at the home of Mr. and Mrs. B. F. Matthews at Tacoma in honor of their daughter, Miss Elizabeth's visiting guest, Miss Mary Dinkins of Dothan, Ala. It was a most enjoyable affair and quite a number of others would have attended from here if the weather had been good.

Misses Rosalie Smith and Irma Joyner left Monday on a visit to Newberry and Alachua.

Rev. J. W. Hilton of Hampton filled his regular appointment here Sunday and preached to an appreciative audience.

Miss Lucretia Sin Clare of Trenton is back in our midst and has reopened her school at Wacahoota.

Mrs. Jim Matthews and son, Neil Matthews, and Miss Caroline Pastuers of Flemington, attended church here Sunday.

Truth and Quality

appeal to the Well-Informed in every walk of life and are essential to permanent success and creditable standing. Accordingly, it is not claimed that Syrup of Figs and Elixir of Senna is the only remedy of known value, but one of many reasons why it is the best of personal and family laxatives is the fact that it cleanses, sweetens and relieves the internal organs on which it acts without any debilitating after effects and without having to increase the quantity from time to time.

It acts pleasantly and naturally and truly as a laxative, and its component parts are known to and approved by physicians, as it is free from all objectionable substances. To get its beneficial effects always purchase the genuine—manufactured by the California Fig Syrup Co., only, and for sale by all leading druggists.

Pitiful Sales.

Kits of sailors lost at sea are sold regularly at auction at the Albert docks in London. The sale provides many a pitiful sight. Most of the lots are contained in the regular sailor's sea chest, all marked with the name of the ship from which they come. It is not unusual for those who have lost friends or relatives at sea to attend these auctions, and there are times when the first news of such a loss comes through the recognition of familiar objects.

A GROWING INSTITUTION.

One of the cleverest and neatest bits of advertising ever sent out from Gainesville is the recent dainty brochure entitled "The Dutton Bank, Its Past and Future," just now being distributed by that progressive and rapidly growing institution. Together with valuable and interesting historical matter it contains photographs of the various departments of the bank, showing the new and up-to-date furnishings and equipments of the bank proper, the directors' room, vaults, etc., with two companion pictures showing the first humble home of the bank in 1871 by the side of its present elegant and commodious quarters.

Not the least interested page is that devoted to showing the present condition of the institution and its remarkable growth during the past year. It will be remembered that something over a year ago, when H. F. Dutton & Co. decided to discontinue this banking business, they sent out notices to all their depositors requesting them to withdraw their deposits. The request was promptly complied with, so that when the new bank opened—the organization of which was an afterthought—the entire amount of deposits at the close of the first day, including the capital stock, was only about $190,000. The close of the year—and that a panic one—shows $322,545.08 in deposits, beside the capital stock of $75,000, and a surplus of individual profits amounting to $17,591.74. This is certainly a gratifying showing, and an eloquent expression of the confidence of the people in the enterprising and pushing men behind this growing institution. It is understood that it is the policy of the directors, all of them men of means, to let the surplus accumulate until it equals the capital stock.

The printing and mechanical make-up of the booklet is a joy to the eye of a printer, and the whole thing reflects a great credit upon our town, and the bank, one of its most valued and solid institutions.

Hillsborough, Hernando, Osceola, Gadsden and Pasco counties have made appropriations for the State Fair, through their boards of county commissioners. Other counties which will have exhibits, due to individual enterprise of leading citizens, include Brevard, Manatee, DeSoto, Lee, Polk, Marion, Alachua, Columbia and St. Lucie.

The Jacksonville authorities are after the vagrants who infest that city. It would be a good idea for the Gainesville authorities to do a little work in this line, especially among the negroes who infest the neighborhood of the Seaboard depot.

When Gainesville's paper manufactory is in operation Florida newspapers will be mostly printed on paper bearing the "Made in Gainesville" trade mark.

Tourists are now thronging the East Coast resorts in large numbers and the season promises to be the most successful in the history of that section.

The awake person reads the want ads. every day—and answers some almost as often.

CURRENT COMMENT.

The Washington Post says: "Let a State of the South be treated precisely as a State of the North is treated by the administration—that is, consult the manhood and the intelligence of the South when it comes to selecting Federal officials down there, and impose on that people no public functionary odious in their sight. If that course be pursued—and it never has been pursued by any Republican President—there will be a beginning of a dissolution of the 'solid South,' and when the South does work a political revolution it will do it regardless of the solidarity of New England or the Middle West or the Far West. It is a poor compliment to New England to say it is solid because of the politics of the South. The beginning of the dissolution of the solid South will come when Ohio and South Carolina are given equal consideration in the councils, as to policies and patronage, of a Republican administration."

The Baltimore Sun (Dem.) says: "Discriminating Americans, familiar with the high standard of decorum and delicate sense of propriety which characterized Senators from South Carolina in other days, will probably not take as lenient a view of Senator Tillman's conduct in his transaction as the Senator himself and many of his friends do. Mr. Tillman has probably convinced those who know him best that he did not make a purposely misleading statement to the Senate; that in securing action by the Government in these land cases he has rendered a service to thousands of persons who desire to secure quarter sections in the tract of 2,000,000 acres in Oregon and Southern California now controlled, as Mr. Tillman alleges, by Mr. Roosevelt's 'best friend,' Mr. Harriman. But, however small the Senator's personal interest may have been in the success of the Government's suit, instituted on his initiative, it was still a commercial and practical interest. Persons with a highly developed sense of the proprieties will find it difficult to reconcile the Senator's promotion of his personal business, even though it be lawful to do this, with the high-minded, disinterested, public-spirited discharge of Senatorial responsibilities. It would be impossible to conceive of Calhoun promoting legislation of which he would be the beneficiary."

The Jacksonville Times-Union says: "Having insulted Congress in grossly vituperative language the President could have apologized or shown warrant for the charges. It is characteristic of him that he does neither—he attacks Tillman as the 'leader of the Democratic minority in the Senate.' Isn't this fine in a man who professes absolute tolerence and supports his position by misquotations of history?"

Pike's Peak summit, 14,109 feet above sea level, is 15 acres in extent. From its edges one may look thousands of feet down the walls of the Bottomless Pit, view the "Crater," catch a glimpse of a perpetual glacier, examine natural springs, see the cities of Colorado Springs, Colorado City, Manitou, Denver and Pueblo, the mines of the Cripple Creek district, and look out of a horizon bounded by the limitless plains on the east and on the west by the Raton mountains of New Mexico, the Spanish Peaks, the snow-capped Sangre de Christo range, the Collegiate group, the Mt. of the Holy Cross and Gary's and Long's peaks on the continental divide. At present, the Cog road trains climb only to the summit house. But now, in order that the visitor may avoid exertion at this high altitude, the road plans to construct a loop by running its tracks around the outer rim of the area that comprises the summit of the mountain.

The Cause of Many Sudden Deaths.

There is a disease prevailing in this country most dangerous because so deceptive. Many sudden deaths are caused by it—heart disease, pneumonia, heart failure or apoplexy are often the result of kidney disease. If kidney trouble is allowed to advance the kidney-poisoned blood will attack the vital organs, causing catarrh of the bladder, or the kidneys themselves break down and waste away cell by cell.

Bladder troubles almost always result from a derangement of the kidneys and a cure is obtained quickest by a proper treatment of the kidneys. If you are feeling badly you can make no mistake by taking Dr. Kilmer's **Swamp-Root,** the great kidney, liver and bladder remedy.

It corrects inability to hold urine and scalding pain in passing it, and overcomes that unpleasant necessity of being compelled to go often through the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases.

Swamp-Root is pleasant to take and is sold by all druggists in fifty-cent and one-dollar size bottles. You may have a sample bottle of this wonderful new discovery and a book that tells all about it, both sent free by mail. Address, Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle

GAINESVILLE,

—THE—

University City.

Gainesville is conceded to be the most enterprising as well as the most beautiful city in the interior of Florida. It is located in the very center of the State, half way between the Atlantic and Gulf Coasts, surrounded by lands of such fertility as to be capable of producing a great variety of crops; in the heart of the truck-growing, phosphate and naval stores belt. She has the best educational advantages in the State, good churches, with edifices which are superior to any town of its size in Florida, with large and consistent congregations; has a climate which cannot be excelled for health and pleasure. All these natural advantages, combined with a progressive and enterprising cosmopolitan citizenship, are sure to make a big city.

There are many natural attractions in close proximity to the city, some of which are Alachua Sink, Paine's Prairie, the Devil's Mill Hopper, Warren's Cave, and Lake Newnan, all of which are reached by private conveyance.

Spring Park Stock Farm, the largest and finest live stock farm in the State, is only eight miles west of the city and is reached by a good hard road, affording a most pleasant drive.

The farmers of Alachua county, of which Gainesville is the county seat, "live at home and board at the same place." The temperature is very uniform, scarcely ever reaching the nineties in summer or the twenties in winter. The population of Gainesville is about eight thousand, representing nearly every nationality on the face of the earth, and strangers always meet with a hearty welcome.

The University of Florida for young men and the National Agricultural Experiment Station are located within the corporate limits of the city. In fact, Gainesville has so many things that we must be pardoned if we omit a few of them in the following enumeration of what

..PROGRAM FLORIDA WINTER CHAUTAUQUA..

Gainesville, February 16-28, 1909

What the Forum was to ancient Rome the Chautauqua has become to the United States of America, with the difference that there was only one Forum while in America almost one thousand Chautauquas are in active operation in all parts of the country, and the number is rapidly increasing as the years go by.

In other years people of the villages, hamlets and countryside could only read of great statesmen, orators and preachers, but they could rarely see or hear them without taking long pilgrimages. Now, by means of the Chautauqua, the best and greatest talent in all the world is brought at insignificant cost to your very doors. The Chautauqua idea is one of the greatest moral and educational forces in the country. The inspiration received from it is a guide to the pathway and a lamp to the feet of thousands.

The great reforms which have recently swept over our country are largely traceable to the presence of the strong men who have spoken so fearlessly on the Chautauqua platform in the last dozen years, and the millions of people who have gathered at these annual meetings to listen to them have had their consciences so awakened that they have demanded that those in authority should institute these reforms.

The Chautauqua Movement is thoroughly undenominational, and here people of all creeds and parties commingle thoughtfully and lovingly. The Chautauqua is organized on high ground and has high aims. It appeals to the thoughtful and cultured, and seeks to displace some forms of amusement which are unworthy and fraught with danger.

More and more in these strenuous days people feel the need of a little vacation. Earnest people are hardly willing to waste time in a vacation which does not bring them a little intellectual uplift, hence the phenomenal growth of the Chautauqua idea. A Chautauqua is a benediction to any community in which it abides. It appeals in its varied program to both young and old, and is certain to cultivate high ideals of living and thought.

Under entirely new management the Chautauqua for the sixth annual session now appeals to the citizens of Gainesville for its support. The program is the strongest and best which has ever been offered, and includes in lectures and music and other features the very best which genius can devise or money procure. It offers at insignificant expense fourteen days of supreme enjoyment. The holders of season tickets get for a few pennies lectures and concerts which ordinarily would cost them not less than a dollar. Every right-minded citizen of the community should give to this enterprise, which stands for things which are high and lofty, their loyal support and co-operation. It offers fourteen days of supreme enjoyment and uplift. It will add to the fame of the good name of Gainesville, and will attract many visitors from abroad who will come for the sake of the Chautauqua.

The program of the present year is one of great strength and pleasing variety, and is so varied that all tastes are certain to be satisfied. A glance at the rich feast which is to be spread is given in the facts which follow:

LECTURES.

GOV. ROBERT B. GLENN of North Carolina. The most brilliant Southern orator since the time of Henry Grady. A man who has done things. Swept his native State for prohibition and won out in his fight for the two-cent rate against the railroad corporations. A large-hearted Christian gentleman who gives his influence to all great reforms and whose eloquent voice and sterling worth have won for him a national reputation.

MRS. LA SALLE CORBELL PICKETT, the gifted wife of the great General Pickett, whose charge at Gettysburg made him immortal. She tells in matchless fashion the story of the charge. She has achieved national reputation on the platform and is one of the most eagerly sought for Chautauqua lecturers in America.

ROSS CRANE, the famous cartoonist and clay modeler. He is simply incomparable in his artistic and novel work. It is the greatest, completest and most artistic one-man performance on the platform.

PROF. J. ERNEST WOODLAND, the well-known scientific lecturer, who brings with him the most expensive apparatus which completely crowds the platform. During his lectures on "Zero Absolute" and "Wireless Telegraphy," two of his famous themes, scores of brilliant and marvelous experiments are performed. For a number of years he has been the foremost Chautauqua lecturer in America.

DE WITT MILLER, for 20 years the most eagerly sought for Chautauqua lecturer the country has had. A man of infinite resources and wide information. He is not only a strong lecturer, but a witty one. It is not possible to secure a more popular man. His work will be greatly enjoyed.

WILLIAM STERLING BATTIS, the Dickens interpreter. He stands unrivalled in his line. Much of his work is done in costume and he brings you face to face with the well known characters which Charles Dickens in his stories has made so famous.

DR. S. R. BELK, a coming man of the platform. His lectures always catch and hold the crowds. While humorous and witty, there is still an under-current of good sound philosophy running through all his lectures. They are inspiring, helpful and optimistic.

DR. D. W. HOWELLS, now General Field Secretary of the Chautauqua Movement. A man of rare ability, who conducts Round Tables, giving all information concerning the Chautauqua Movement, and also gives delightful literary lectures, and will have a share as well in the Bible work.

WIRT LOWTHER, a lecturer who has the art of saying things in such fashion that people are entranced and carry away with them much that will brighten and bless the afterdays.

DR. W. L. DAVIDSON, who, from the very beginning, has, to the satisfaction of all, arranged the splendid programs for Gainesville, will be present during the early days of the Chautauqua and will not only help in its proper starting, but will also present one or two of his very popular lectures, illustrated by stereopticon views.

MUSIC, READINGS AND NOVEL ENTERTAINMENTS.

ROBLEY MALE QUARTETTE. A company of delightful singers, who have won their way in all parts of the United States, and give unbounded satisfaction. Their repertoire is unlimited. Each member of the quartette is a fine soloist. They deal much in humor, and Mr. Robley, the manager, is a very clever reader and impersonator.

ERNEST GAMBLE CONCERT PARTY will give two charming concerts. Mr. Gamble is easily America's foremost basso. Miss Verna Page is without a rival as a violin soloist. She has just come into the possession of a $7,000 Cremona violin. Mr. Sam Lamberson, the pianist and accompanist, has a national reputation. The artistic work of this superb combination cannot be excelled. We are fortunate in being able to offer such a treat to our patrons.

MISS LENA WALBRIDGE, a delightful whistler and reader. Her clever work will give pleasing variety to the program, and she will be heard frequently in connection with the concerts and as preludes to the lectures.

MR. WALLACE BRUCE-AMSBURY, one of the best known readers, who is a whole show in himself, with an orchestra thrown in. He is one of the cleverest monologists on the platform, and is particularly pleasing in his French-Canadian dialect. His presence will be greatly enjoyed.

MRS. LOUISE MORGAN-AMSBURY, a lyric soprano with an exceptionally sweet voice. She has appeared with success at many Chautauquas.

GOSS-BARTELL COMPANY, including W. Robert Goss and Miss M. J. Bartell of New York City. They will be present for a week, and each evening will contribute at least a share of the program, furnishing preludes in connection with the lectures when they don't give an entire evening. They have with them one of the best and latest Moving Picture Machines, and have a score of the finest Pictures manufactured, many of them beautifully colored. Many stereopticon views will also be given interpreting such well known creations as "The Sign of the Cross," "Parsifal" and "Hiawatha." There will also be secular and religious illustrated songs presented by Miss Bartell. The strength of this delightful company cannot be overestimated. They appeared at a series of sixty Chautauquas last summer, and were said to be the crowning event of the entire season.

DEPARTMENT OF INSTRUCTION.

Definite educational work is not to be overlooked, and some of the morning hours will be given to those things which will contribute help to the thoughtful and the devout.

BIBLICAL HOUR.

This will be in charge of Dr. W. W. Davis, superintendent of the Chautauqua at Mountain Lake Park, Maryland. Great Bible themes will be discussed. At the morning hour the keynote will be struck for the day, and the Book of Books will be magnified in all the work of the Chautauqua. Dr. Davis will also have charge of the platform, and in his own good way will introduce the attractions from hour to hour and will give direction to the conduct of the Chautauqua.

SCHOOL OF HEALTH AND COOKING.

This has become a leading feature with all well ordered Chautauquas. For a week it will fill the morning hour. Two enthusiastic and capable workers have been employed to give direction to this line of work.

Dr. Carolyn Geisel, who stands without a rival in America, will give her helpful health talks to cover the first half hour of the work, and the second half hour will be occupied by Mrs. Minnie Emmons, who will present a series of cooking school lessons with demonstrations.

THE CHAUTAUQUA HOUR.

Conducted by Dr. D. W. Howells, General Field Secretary of the Chautauqua Movement, who travels from point to point in behalf of this great work. He is a superb talker, and will present varied and interesting themes in his own taking way. These themes will be outlined in the detailed program. All needed information concerning the Reading Course will be given, literature will be distributed, and opportunity will be offered for enrollment in the Chautauqua Literary and Scientific Circle.
